Springfield, MO 65804

Dear Mr. Bryant:

Certified No. PO4 9037137

On Monday, June 29, 1987, this office received a complaint from the Health Department that you were draining your swimming pool and the water was flowing onto several yards behind your property.

Please be advised that such a discharge is a violation of Chapter 30, "Wastewater Regulations" of the Springfield City Code, section 30-11, "Waste Disposal," which states:

It shall be unlawful for any person to place, deposit, cause, or permit to be deposited in any unsanitary manner upon public or private property within the City or in any area under the jurisdiction of the City, any domestic waste, garbage or pollutant, or other objectionable waste.

Please be further advised that your pool should be drained to the storm sewer. The filter backwash from the pool, however, must go to the sanitary sewer.

If you have any questions, please don't hesitate to call 864-1924.

Yours truly,

Karen Chandler
